2025 IEPEC Paper/Poster Submission Abstracts Deadline, Friday, November 15, 11:59PM PST

1. 2025 The International Energy Program Evaluation Conference Abstract Submission Form

This form is for papers and posters. There is a different form for panel and workshop sessions. Please see the website for the appropriate link.

Abstracts will be accepted until Friday, November 15, 11:59 p.m. PST.

Authors may submit multiple abstracts. However, each abstract must be submitted separately and address different content. A maximum of two papers per primary author will be accepted.

Additional requirements:

- Papers must be original work that has not been presented or published elsewhere.
- Exclude from the abstract text identifying information (e.g., evaluator and client name or affiliation, unique program names).
- When submitting the abstract, you will be asked to select one category from each of the following groups: Evaluation Area, Sector and Focus. **(See Call for Abstracts for list of categories.)**

Before you begin you should have the following information at hand:

2. Name and contact information of up to three authors (if applicable).

4. Scope of coverage
5. Sector

If you have questions, please email Kisha Gresham at kisha@iepec.org.
